1. About the Assessment

The diagnostic assessment provides a comprehensive evaluation of your child's literacy and related skills, conducted by a qualified specialist teacher and assessor.

This includes:

- Pre-assessment consultation
- Full diagnostic assessment
- Detailed written report with recommendations

All assessments follow SASC standards and are conducted ethically, in line with BDA and PATOSS/APC guidance, ensuring fairness and prioritising the child's well-being.

Parents/guardians will have the opportunity to review and agree the background information section of the report before it is finalised.

The assessment will take place either at the assessor's setting or at your child's school, if suitable arrangements can be made in advance.
